PASS CAMERON BILL OVER GOVERNOR'S VETO

House Rebukes Federal Government For Interfering—Governor Signs Many Bills

(Special Dispatch to the Journal Miner.)
PHOENIX, Ariz., March 18.—The most sensational event of the legislative today was the overriding of Governor Kibbey's veto of the Bright Angel trail bill by the unanimous vote of both Houses. The governor, in vetoing the bill, had included in his message a telegram from Secretary Hitchcock, urging the defeat of the measure, which was contrary to the policy of the interior department, which is as rapidly as possible extinguishing all claims of this kind on forest reserves.

The governor had offered no views concerning the bill, and the members of the House explained that their action was taken, not in opposition to the governor so much as in resentment of the interference of the federal administration.

Bill removing limit from judgment which may be granted for personal injuries.

Increasing salary of superintendent of insane asylum.

Increasing salaries of county recorders.

Bill providing for acceptance of cash in lieu of bond.

Bill for application of Territorial law with reference to collection of delinquent taxes to cities and towns.

Bill for taxing express companies as follows: In counties of first class \$400 a year, counties of second class \$300, counties of third class \$200, counties of fourth, fifth and sixth classes \$150.

Bill amending law as to homesteads and exemptions.

The militia bill.

Bill removing limit from judgment which may be granted for personal injuries.

The House laid the Cleveland Railway commission bill on the table.

The Council defeated the O'Neill anti-treating bill.

A message was received from the governor announcing his approval of the following measures:

Increasing salaries of boards of supervisors.

Authorizing town councils to levy taxes for public improvements.

Amending law for bounties for destruction of wild animals.

Bill providing that misrepresentation in securing life insurance policies does not vitiate it unless it is shown that misrepresentation was material.

Bill increasing salaries of Territorial prison officials.

Bill amending law creating office of supreme court reporter.

Several other bills of little importance, slightly amendatory to existing laws, were also approved by the governor.

Appropriations Considered.

PHOENIX, Ariz., March 18.—The first attempt to consider appropriations in any form came in the House this afternoon, when Bailey took the floor and called up the bill to provide revenue for improvements at Territorial institutions.

After two hours' work the bill was ordered engrossed. It carries appropriations as follows:

Asylum, \$50,000; Benson school, \$25,000; Flagstaff Normal school, \$40,000; Tempe Normal, \$87,000; Tucson University, \$50,000. The Territorial fair appropriation is yet to be added.

In tabling the Cleveland Railroad commission bill in the House, the vote was as follows:

Nays—Bell, Coleman, Crenshaw, Grossman, Krock, Morgan of Navajo, Pace, Slaughter and Wallace. Williams was absent. Balance voted aye.

The vote on the anti-treating bill was 6 to 6, as follows:

Ayes—Blakely, Cleveland, Hogue, McIntyre, O'Neill and Weedon.

After the Cameron bill had been passed over the governor's veto, Bell offered a resolution rescinding interference in the deliberations of the Legislature by the secretary of the interior or the Santa Fe railroad officials.

The resolution, on motion of Davidson, was laid on the table.

Enjoyed the Show.

PHOENIX, Ariz., March 18.—The entire Legislature enjoyed "A Stranger in Town" tonight, the best musical farce comedy playing in Phoenix this season. During the evening local and legislative hits kept the house more than roaring.

BANK OFFICIALS ON TRIAL.

CHICAGO, Ill., March 18.—The case of the officers of the defunct Bank of America, who are charged with having accepted deposits when the bank was insolvent, was called for trial before Judge Pinckney today. CAUGHT MURDERER;
MAY NOW BE SHOT

LOS ANGELES, Cal., March 18.—Because he helped the sheriff of Los Angeles county capture a murderer, three years ago, Antonio Felix has been condemned to death in Mexico, and is liable any day to be stood up against a wall and shot by a squad of soldiers. In the hope of saving his life the aid of President Roosevelt, Secretary of State Root and Governor Gillett is to be invoked. Behind this plan is the determination of American officials that hereafter Mexican violators of American law shall not escape punishment by merely crossing the international boundary line.

I.W.W. MUST BELIEVE IT RIPLEY, OF SANTA FE, LEAVE THE WAS FOUL CAMP PLAY BLAMES ROOSEVELT

GOLDFIELD, Nev., March 18.—The following statement was given out today:

"The Business Men's and Mine Owner's association desires to make an announcement of the present labor difficulties in Goldfield. For the last three years the camp has had labor trouble caused by the Industrial Workers of the World. They maintained a reign of terror so far as the laboring men and business was concerned. Men who were warned not to enter the camp sometimes did so, and were assaulted and forced to leave by this organization. Laboring men who offended in any way were beaten and sent out on the desert without food or shelter.

"Two strikes have been inaugurated by the Industrial Workers. The first was settled peacefully; the second is a fight between the Industrial Workers and the American Federation of Labor. The former served notice on the mine owners that unless all carpenters belonging to the latter organization were discharged all miners would be called out. A restaurant keeper who served meals to carpenters of the latter organization was killed in cold blood in his own house. The business men and mine owners are determined such conditions must end. A mass meeting was called and the Goldfield Business Men and Mine Owner's association was formed. It is simply to preserve order. There is to be no changes in hours or wages.

"Lawlessness and suppression must cease. The Industrial Workers, as representatives of lawlessness, must leave the district. This is the only issue involved. Labor unions are not to warred against but encouraged, but they must be unions not under the control of the Industrial Workers.

"(Signed)

"EXECUTIVE COMMITTEE."

LOCKOUT ENDS.

LODZ, March 18.—The lockout here is ended. The workmen exhausted their funds, and decided to return to work unconditionally.

The last sad rites were pronounced by Rev. Father Bennett, in the presence of a large number of the deceased's friends. Mr. and Mrs. C. B. Genung, parents of the young man, were unable to attend the funeral, being themselves very ill.

Yesterday, in the city recorder's court, Joe Burton was sentenced to serve twenty days in the city jail in lieu of a \$20 fine, and Dan Mahoney was committed to the bastille for thirty days in default of the payment of a \$30 fine, on intoxication charges. Both started to celebrate St. Patrick's day on Saturday, but ran afoul of the law.

PHOENIX, Ariz., March 18.—John Leicht of Cheboygan, Wis., a late arrival here from the east, has disappeared. Officers are looking for his body. It is believed he was murdered.

All officers between Yuma and Tucson have been warned to look out for Louis Eyttinge, who arrived on the same train with Leicht, and who was last seen in his company.

The two went driving, and Eyttinge returned alone and reported that Leicht had suddenly become sick, and had been left at a resort near Phoenix.

Eyttinge is alleged to have forged some small checks and left town. The story that Leicht was left at a resort was afterwards proved untrue.

LOOK FOR THAW VERDICT BY FRIDAY

NEW YORK, March 18.—Three experts were examined today in the Thaw trial. Unless the unexpected happens the verdict would be in Friday night. The people's case closed today with the introduction of the Hummel affidavit, which was read to the jury. The affidavit was a surprise only in the alleged severity of the assaults of Thaw upon Miss Nesbit. In rebuttal three policemen who saw Thaw the night of the tragedy declared he looked and acted irrationally. Tomorrow the experts examined will be Doctors Evans, Wagner and Pilgrim of Poughkeepsie, N. Y., and President of the New York Lunacy Commission Gregory.

Says He Caused Stock Flurry On Wall Street—Believes Employees Are Deteriorating

LOS ANGELES, Cal., March 18.—In an interview this afternoon, President E. P. Ripley of the Santa Fe is quoted as saying that Roosevelt is responsible for the present uncertain condition of Wall Street.

Because of anti-railroad sentiment, the Santa Fe is not making any contemplated improvements at present.

Ripley says Harriman will retire from active railroading within the year.

He stated he did not believe any good could come of the proposed meeting between Roosevelt and the four railroad presidents.

He expressed the opinion that the standard efficiency of railroad employees is deteriorating.

He said he was personally opposed to government ownership, as the government had never done anything in a

business way well or economically. He said he was convinced that government ownership meant the downfall of the republic. He said he had never doubted the good intentions of Roosevelt.

Yoakum Sees President.

WASHINGTON, D. C., March 18.—The President had a conference today with B. F. Yoakum, chairman of the board of directors of the Rock Island. This is the second conference in ten days. Mellen Is Next.

WASHINGTON, D. C., March 18.—President Mellen of the New York, New Haven & Hartford railway, arrived tonight, and tomorrow will confer with Roosevelt regarding railroads.

CHARGE OF MORE RETRENCHMENT GRAFT IS MADE POLICY IS COSTLY

SAN FRANCISCO, Cal., March 18.—The action of the grand jury, which today had members of the board of supervisors brought before it, aroused great interest in the proceedings of that body, which had been forced to suspend operations as a result of the doubts thrown on its legality by Schmitz and Ruef.

When it was announced today that the grand jury would remain in session all night it was conceded that extraordinary results might be looked for. The Bulletin tonight published an extra saying further exposures of municipal corruption had been made, and that further indictments were to follow. The Bulletin charged that \$450,000 had been paid to high officials to permit the conversion of the street railway systems into electric lines. Other allegations are also made.

YUBA CITY MAY BE FLOODED SOON

MARYSVILLE, Cal., March 18.—The Yuba river barrier, a mile long and sixteen feet high, built by the government, at an expense of \$500,000, was partly destroyed by flood waters of the Yuba river today. SPOKANE RATE CASE.

CHICAGO, Ill., March 18.—Members of the Interstate Commerce commission assembled in Chicago today for a hearing of the famous Spokane rate case, which was given a preliminary hearing several weeks ago in the Northwest.

OMAHA, Neb., March 18.—Two large construction contracts suspended; almost two thousand men withdrawn from jobs, one of them already nearing completion, are concrete evidence of the sincerity of the retrenchment policy of the Harriman lines. The absolute impossibility of raising funds to carry on the work is the reason given by Vice President Mohler for the action taken.

The two contracts were both in the hands of Kilpatrick Bros. One is for a line between Topeka and Marysville, Kan., giving Kansas City direct connection with the Union Pacific main line. The other is for a cut-off in Colorado, just south of Cheyenne, Wyo., to save carrying trains from Denver over the famous Atchafalpa hill. Two members of the firm of Kilpatrick Bros. were called into the office of Chief Engineer Huntley of the Union Pacific, and told that work on these two projects must stop for lack of funds.
